The best School in California YEAH KENNEDY!!

I LOVE Rainbows!!

Hi, John

I love you! (Ha, Ha, Ha)

by me (It's a joke!)

P.S. who wrote that??

John, I glad were still friends. I'm real sorry about all of the hassles we got into this year. I should not have put those thing in front of our friendship. We used to be such good friends. We haven't talked a whale lot this year maybe we will this summer. If youre ever bored and just want someone to talk to, think of me. I really hope you get everything out of life you want. Hope you have a super great summer.

Johnny like
so how's like
that Rotten ha ha
we know well even
how I copy in Roberts
class you have to give me
credits for not copying in his class
or have I. I can't remember or, well it's
school is almost out I can't believe I it
a dream came true well I hope you are
very successful in school not like me I can't even
spell successful right (ha ha ha) we had some good times
in old daugh say class I wish the year would last all
over again so I wouldn't have to move but there isn't such
ha ha I can do about it. I hope your Dad doesn't read this
oh well he has to know my Dad so he knows of his
a wilson Jim crazy well take care it was a
fantastic year (but it also closes your bathroom)
"84" 80-81 was bad

On Our Way and Making it

Students set their goals in life in hopes of success. High school is a training ground, helping prepare students to meet their ambitions.

Everyone wants to make it in one way or another. This may mean graduating from high school and living away from home, or becoming a professional in the world of the arts, business, sports, or public service.

Each student has a different goal. High school is a place where friendships, knowledge, and growth are found, and it is here one starts to fulfill the dreams of success. Warm memories remind us of the good times as we gather our courage and look ahead. The journey has begun; we're on our way and making it.

Mr. Titan and His Court Added to Homecoming Tradition

This year there was a change in Homecoming. The traditional all female Homecoming Court was converted to five girls and five guys who were both nominated by the same way. Each club on campus nominated a boy and girl, which made 10 Queen nominees and 10 Mr. Titan nominees. Half of these nominees made the finals and appeared at the game on Homecoming night against Logan High.

Michael Ann Arenas was crowned the 1980-81 Homecoming Queen. Vivian Sam was her first runner-up. The members of Michael's court were Linda Howard, Lauri Rosellini and Janyce Williams.

Mark Lee was honored with the title of 1980-81 Mr. Titan. The first runner-up for Mr. Titan was Bob Stipicevich. The members of Mark's court were Roddy Lopez, Paul Stipicevich and Jose Valdez.

Sophs Take Journey Through Time

Cavemen to the Fifties to the Future — this is how the Sophomores presented their theme of "Journey Through Time." Cavemen competed against each other dragging dummies behind them. The Fifties were remembered with a hula-hoop competition and a limbo dance.

The sophomores then went forward in time to a fashion show of the future, a laser duel, and a shaving cream fight.

The sophomores were first in line, having Monday as their spirit day. They were up early hanging posters all around the school.

Juniors Relive 60's

The Junior Spirit Day started out with students hanging posters, setting props, and rehearsing dances. The Class of '82 showed the school what really happened during the decade of the 60's. They showed us the man on the moon, the Beach Boys and the Beatles in concert, draft rallies, and speeches about great leaders in the 60's like John F. Kennedy and Martin Luther King, Jr.

Long hair was "in" for boys. Several of the girls in the class put together a dance to the music of "Hair" from the Broadway musical.

At the all school rally the Junior class presented a slide show of the different events that happened during the 60's.

1. Beth Galloway, Kim Heffelfinger, Terry Murray, and Dunja Djordjevic. 2. Tom Jamerson, Bob Wammack, Robert Gholston, Steve Wright, and Pete Sabin. 3. Debbie Florez and Paula Arenas. 4. Ed Arce. 5. Juniors gather around to watch the Hair dance. 6. Juniors enjoy watching their fellow classmates dance and sing.

Ridin', Fightin' Freshmen Defend Campus

Let's go back to the thrilling days of yesteryear with the Freshman Class of '84. Their western theme included cowboys, Indians and dance hall girls.

The Lone Ranger came to the rescue when there was an Indian attack on the saloon. There was also an Indian ceremonial dance.

Competition was also a part of the freshman spirit day. There was a race with boys as the horses and girls as the riders. Things got sticky in competitions involving gobbling up oatmeal and watermelon. A poster of a horse was the bull's-eye in a bow and arrow target contest.

The freshmen ended the day with a rendition of "Driving My Life Away" by Eddie Rabbit.

Seniors Aim for Stardom

Broadway! The seniors sang and danced to songs from four musicals. With some helpful direction from Paul Stipicevich, they started off with a rousing rendition of the title song from 'Oklahoma'. Lauri Rosellini and Rick Sousa acted out the song "Adelaide" from 'Guys and Dolls'. Roger Cox led his gang in a tune from 'West Side Story'. Everyone joined in a dance to "We'll Always Be Together," from the musical 'Grease'.

During the proceeding there was a competition to find the guy and girl with the largest vocal capacity. Bob Stipicevich and Molly Donlon were the winners. The show was ended with a visit from Buddy Holly, alias Rick Smith.

On to Victory!

A week of painted posters, unique costumes and overwhelming spirit climaxed during half time at Thursday's victorious Homecoming game against James Logan.

Anticipation filled the crowd right before the first runner-up and the winner of Spirit Week were reported. Tension mounted as each spirit day was recapped delaying the announcement of the winners. Anxiety increased when Mr. Mark Adams said it was between the two upper classes. Finally, the long awaited moment arrived; the seniors just barely slid past the juniors to claim victory.

'On Our Way and Makin' it' 1981 Yearbook Theme

The Yearbook staff considered many themes before deciding to use "On Our Way and Makin' It". They hoped to convey the idea that people could "Make It" in many ways. All aspects of Kennedy life were to be covered.

After the brainstorming came the hard work. The staff soon learned the meaning of deadlines. Anxiety grew during these times. It seemed they would never get it done.

All the hard work has paid off and the staff hopes that they adequately portrayed Kennedy High in the year of 1980-81.

Despite the tough competition the Titans encountered during the '80-'81 season, they prevailed with a 5-2 winning record in the M.V.A.L. This earned them a third place standing, only behind Mission and American who tied for first with a league record of 6-1.

The Kennedy Titans defeated the Washington Huskies for only the second time in their M.V.A.L. history. The game began with little excitement. The first touchdown took place due to Washington interception with only 9:06 remaining in the first half. Using heavy defensive pressure the Titans forced a turnover on a Washington pass, with an interception by Jim Luevano, and continued to press the final 60 yards to the goal line. At the half-time break Washington's lead had been cut to 8-6. The final touchdown was a result of an 8 yard Ed Lee pass to Chad Troxclair and an extra point conversion completed to Robert Gholston. The final score, 14-8, left a stunned Washington, with elated Titans as victors. The awesome Titan defense, after much hard work, proved once and for all their supremacy over Washington. Simply put by Coach Pete Michaletos, "We're happy. We wanted this one."

The Junior Varsity '80-'81 season was extremely successful. The team's compatibility was seen developing as the season progressed. Under the fine leadership of Coach Michael Crosetti, the Titans managed their second winning season in two years with a record of 6-3-1. John Ortega, John Parks, and Phil Lee were a few outstanding players. Overall there were many fine performances and the coaches are anticipating many fine contributions to the '81-'82 Varsity team.

Freshmen Football

Although the John F. Kennedy Freshman Football record doesn't reflect success, the team itself grew in unison and skill as the season progressed.

Led by Most Valuable Player Walt Bruj as running back, Mr. Hustle Jeff Cherry at Tight End, and other outstanding Freshmen, this young team reigned victoriously over the Logan Colts and Memorial Patriots.

The potential of the Freshman team gives hope for a strong future in Kennedy Football.

Volleyball Comeback

After a disappointing 1980 season, this year's Volleyball Team made a tremendous comeback with an 8-6 season record. With the talented efforts of Cheryl Rivera, Phyllis Hanohano, Leslie Hanohano, and Vicki Roney, the team placed third in the MVAL final standings. Their small fan club consisting of five faithfuls, cheered them on earnestly. Next year, with three returning varsity players, they hope to have a successful season. The Junior Varsity Team has many strong upcoming players and will definitely help to strengthen the 81-82 Varsity Team.

Varsity Third in MVAL; JV Second

The Girls' Varsity Tennis Team placed third in the M.V.A.L. with a 10-4 record. It was a long disappointing season, being shut-out by the skills of Washington and Mission High School in both rounds of competition. Kate Noland who played first singles was awarded MVP for the second consecutive year. Cathy Helenihi was voted Most Improved after working her way up from Junior Varsity to Varsity at the end of the season. In Kennedy's third annual invitational, the fist doubles team of Michelle Mun and Happy Salvallon reached the semi-finals obtaining fourth place in the tournament.

The Junior Varsity Tennis Team had an outstanding season this year, winning all but three matches. Donna Damewood, Kris Newkirk, and Debbie Florez were key competitors leading to a strong finish at second place.

Lack of Swimmers Limits Varsity Pts.

The John F. Kennedy Girls' Swim Team had its best turnout in three years.

The Junior Varsity finished second in the MVAL with a 4-1 record, losing only to Irvington. Their outstanding players were: Rondy Welsh — most valuable, Tamra Ho, and Tracy Baker.

The Varsity team was strong lespite the fact that the team was limited to only four swimmers. The strenth of the team was their Medley Relay. In this event their performance improved with each meet. Seniors Michael Ann Arenas — most valuable player, and Linda Howard, finished their finals season with outstanding performances. Paula Arenas and Karna Hunt must also be commended on their fine efforts on the Varsity Team.

D. Murphy, G. Sloniker and C. Troxclair

Leading the Varsity Basketball Team to a 7-7 record were three outstanding players. 6'5" senior Donald Ray Murphy, 5'11" senior Geoff Sloniker, and 6'3" junior Chad Troxclair.

The season started off quickly as Kennedy won their first game against Logan in double overtime 63-57.

The playoffs were questionable for Kennedy up until the last game of the season. With their 58-51 triumph over Newark, they became the first J.F.K. team in the playoffs since 1975.

Forward Donald Murphy led the team in scoring with a 17.3 averge, third best in the M.V.A.L. With his devastating rebounding talent, he was a big threat underneath the basket.

Guard Geoff Sloniker led the team in assists with 53. His crisp passing technique and outside shooting ability, really helped take the team to the playoffs.

Guard-Forward Chad Troxclair led the team in steals with 34. His great anticipation was an asset to the team. He also led the team in forced turnovers with 38. Chad will be returning next year along with juniors Pete Sabin, Robert Gholston, Alfonso Letona, who will all aid the team with their talents in next year's basketball season. The success of this year's team was also a pleasant way for Coach Van Deusen to end his thirty year long coaching career.

Inexperience Prevails Despite . . .

Although they had many motivated and talented athletes, this year's Varsity Girls' Basketball Team didn't possess enough experience to really make a run for the gold. The final standing for the Varsity Team was 4-0.

For the girls, this season was one for learning and acquiring the individual and team skills needed to play consistent top flight basketball.

The loss of Vicki Roney to injury was another major blow and having Pasquale Duke, the leading team scorer, miss a few league games didn't help the Titan cause either.

Next year, when these girls return along with Cheryl Rivera, Karen Johnson, and Beth Galloway, hopefully it should be quite a different story.

Titans M.V.A.L. Champs Third Consecutive Year

The Kennedy Boys' Soccer Team succeeded again with a championship of 12-1-1. For the third year in a row they are M.V.A.L. champs.

The 1-0 triumph over Memorial was a first for Kennedy. They continued their victory march with seven straight wins to capture the first half title with an undefeated record of 7-0.

The second half started out slow with the first game ending in a 1-1 tie against Newark. Things got worse as Memorial came back with revenge after their first loss and defeated Kennedy 1-0. But the Titans were not discouraged. They came back with a bang, scoring twenty-three goals in the next five games. With the hampionship clinched, the Titans' pride still shone through in their last game of the season, when defeating their cross-town rivals at Irvington High School 5-0.

In post-season competition the Titans went on to win the Shaughnessy with two decisive wins. The qualifying game against American ended 4-1, and in the final game they reigned victoriously once again over Memorial 2-0.

The Titans NCS plans were stopped short as they were defeated in overtime 4-2 by De La Salle in the opening round.

For this year's soccer team, teamwork was the unifying force which enabled them to achieve their extreme success.

1980-81 The Way it Was

On Election Day, 1980, Republican Ronald Reagan was chosen president in a landslide election over incumbent Democrat Jimmy Carter. The election seemed indicative of a national trend toward conservatism.

A state of emergency was declared in the San Francisco Bay Area when the Mediterranean fruit fly ("medfly") arrived on import produce and the California agriculture industry was threatened by a possible 6 billion dollar loss.

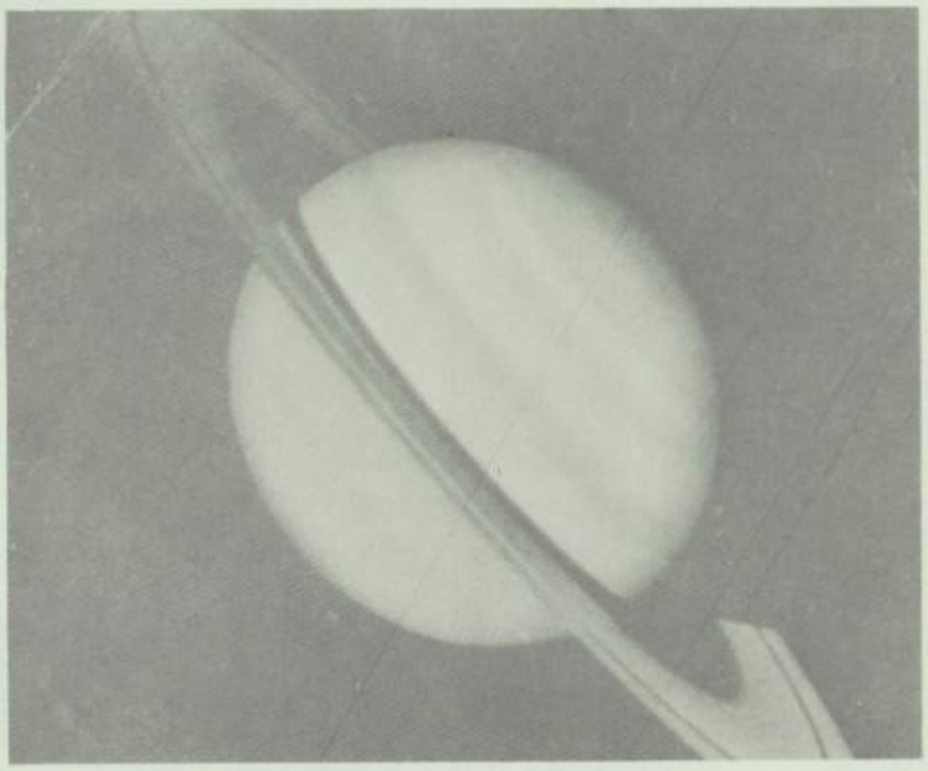
The long-awaited release of American hostages held by Iran took place on January 20, the presidential Inauguration Day. While Iranians were burning U.S. flags, Americans welcomed the hostages back with waving flags.

In the fall of 1980, scientists discovered many more rings around Saturn than were originally assumed.

John Lennon, musician, composer, and towering symbol of the '60's peace movement was killed by assailant's gun.

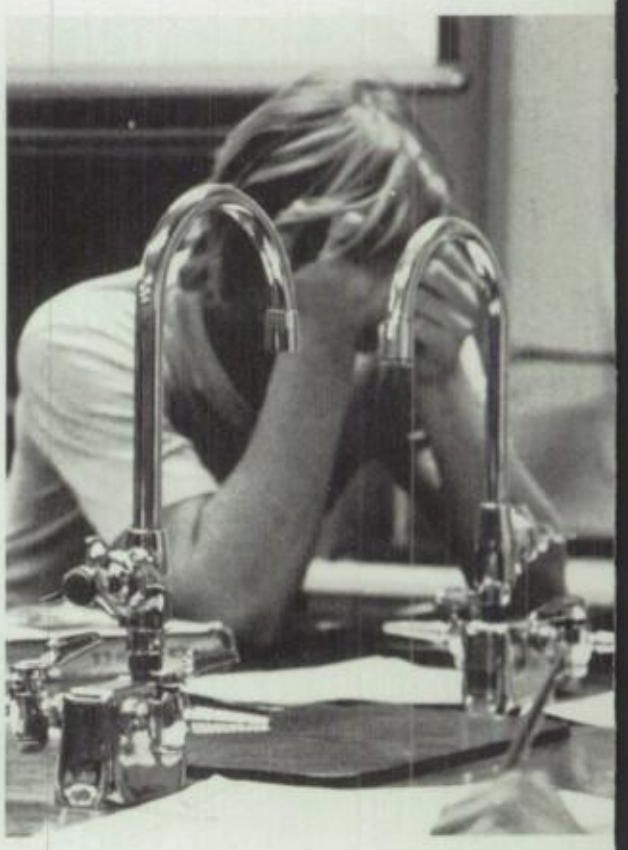
Devastating earthquakes struck Italy and Greece in December and February.

In Atlanta, 20 black children ranging in age from six to fifteen had disappeared or been murdered as of March, 1981. No suspects or leads had been discovered as of March.



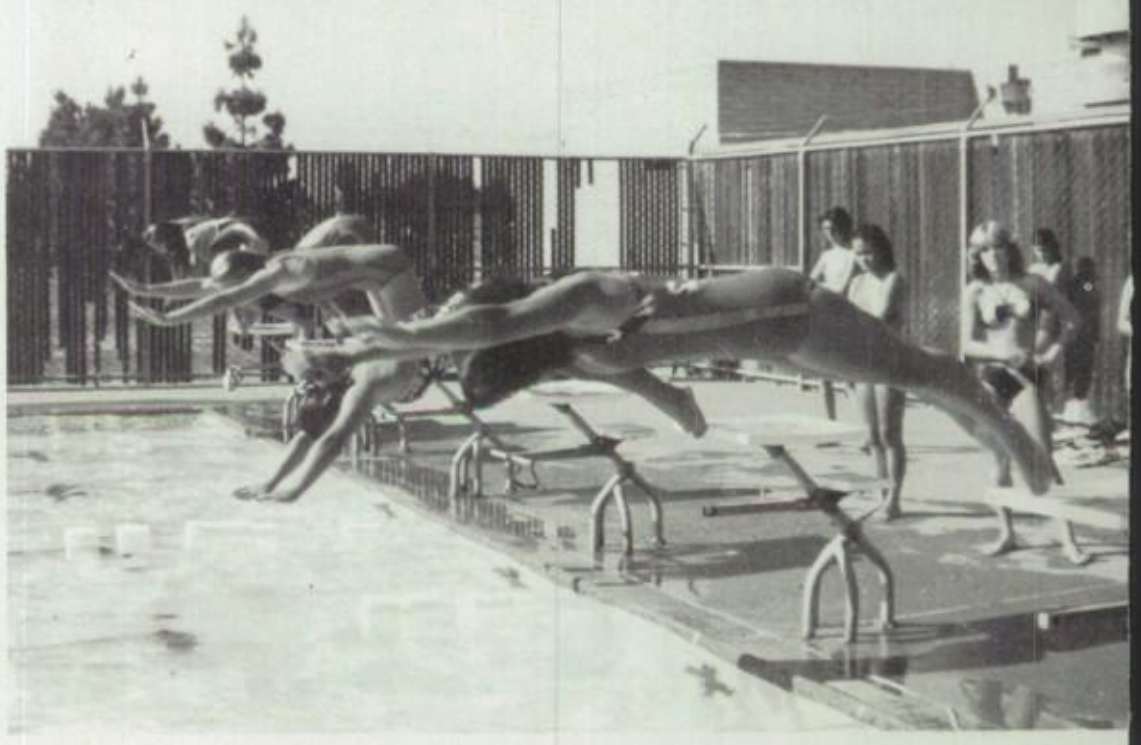
As this age draws
to a close, we look
towards tomorrow
With memories of
yesterday . . .

Unsure of which direction to go . . .



We came confused.

Developing our skills



Striving to reach our potential

As a rainbow symbolizes hope for the future it also promises new beginnings. We look towards tomorrow with memories of yesterday. New friendships were made, skills developed, and recognition gained. Growing in knowledge and understanding we discovered more about ourselves. We gained confidence in our own capabilities and trust in others. Now with broadened horizons we leave this age a better person. Facing the future we set our goals and start a new beginning. We're on our way and making it.

We began exploring the unknown

With a new understanding we gather our courage

And accept the challenge of the future.

John,

I don't know what you think of me, but I think you're very special! I'm glad you're one of my close friends. I know we haven't talked much lately, but whenever we do I always enjoy it!! You're easy to talk to! And guess what "TAXI" is on tonight too! It's too bad your didn't get your job at Clear Lake this summer. Better luck next time! I didn't really like who they chose for Mascot so I'm disappointed too. We have to get together and do some stuff this summer. Maybe we can go to Great America. I just want to say thanx for being there to talk to when I needed a friend! Well John I guess it's safe to say that hope we can be even closer friends in the future! I bet you think you're an angel with wings I bet you always you never even do anything wrong. Oh YEAH? Think again! get along with everyone even Honora?! Oh well more things I want you to always remember & don't forget, now there's a few

1. You can choose your friends but you can choose
2. Do it today tommorrow it will cause cancer
3. Sex, Drugs and Rock & Roll
4. there's Silverships And Gold ships but no ships like friendships!
5. If I'm lying I'm dying
6. You're such a silly boy!
7. If you ever need a friend or someone to talk to I'll be there. Call me 490-0117

PS. HAVE A BITCHIN' SUMMER

P.P.S. And I'd better see you!

P.P.P.S. Sorry so sloppy, but that's the way I write!

Robin Rutherford

I wrote a book all by myself!

keep cool till "84" you can S.A.W. in "84" but I can't!

John,
To a guy with a terrific personality
I've known you for quite
a while, take care this summer
and see ya next year - Bye

Hi John,
It was pretty
good in math this year but
all we did was work. Hope you
have a great summer skiing on the
cold water. See you next year. Don't
forget Mr. Ricket he is the greatest
teacher anybody could have.
Your friend
Kelly
